

Year 7 Challenge

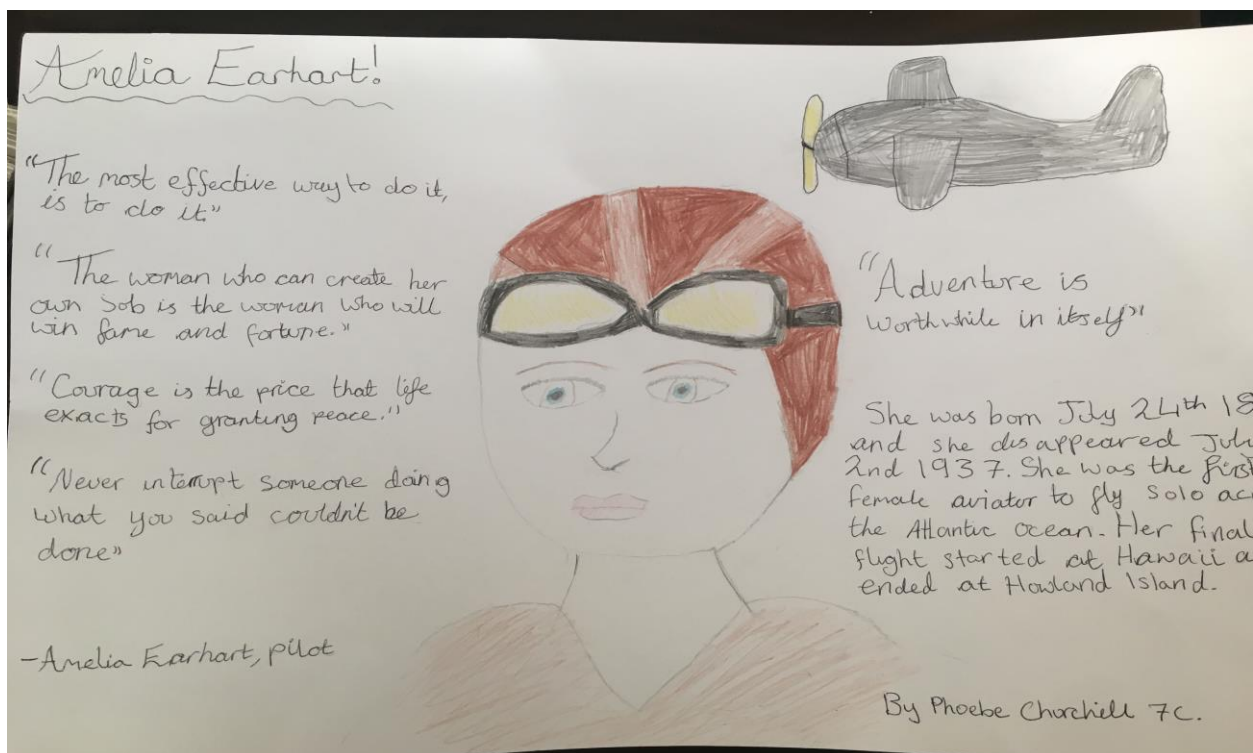

A range of students accepted the challenge to create a piece of artwork commemorating a woman from history. They were tasked with; creating their own piece, choosing their own medium, selecting an individual they felt was either inspirational or that deserved commemoration. Some of the work is displayed here.

Well done to all the students involved. All the work submitted displayed the following skills;

- Willingness to participate.
- Ability to independently research information.
- Selecting an individual of particular significance.
- Creativity in displaying their work.
