

Hello everyone!! My name is Biba :), I am in year 10 and I will be running for deputy head girl this year.

Over the course of my time at camden, I have always looked up to the Head Girl team after witnessing all of the amazing things they have achieved for the school to make it a better place for students. So, since year 7, I've aspired to be part of something that could make a positive change for the school environment!

I believe that I am a great candidate for deputy head, and hope you believe the same after I tell you why:

- 1) Firstly, I am an extremely hardworking, determined and driven student. No matter the subject at hand, I always try to put my best efforts forward, striving for the greatest. I want to ensure that every Camden girl has a positive, exciting and invigorating school experience and through my diligence I believe that I can most certainly achieve this. I would like to improve and enhance the quality of the various traditions here at CSG such as black history month, pink week and the talent show fundraisers as well as clubs like feminist society and the LGBTQ+ club. In order to achieve this advancement, I want to voice YOUR thoughts, ideas and opinions, ensuring a better, positive school experience for all :)
- 2) Secondly, I am a great public speaker. From speaking in the Jack Petchey Speak Out Challenge to winning the CSG speaking competition to simply speaking in assembly, I CAN DO IT! Every great leader needs this skill as it enables their voice to be heard which is so very important! - and I mean you'll actually be able to hear what's in the banda in the assembly for once soooo...
- 3) Thirdly, I am very friendly and easily approachable! I care a very great deal for YOUR needs and so will always welcome you with wide arms if you ever need to ask any questions, provide your opinion on matters within the school or simply want to chat! I am a wonderful listener, am always here for you, no matter what.

And finally, here are a few of my policies:

- 1) Firstly, I would absolutely love to host an annual **Cultural Food Week** in which the canteen serves dishes from the different cultures that the students and teachers here at CSG represent, celebrating everyone's heritage through a delicious food fest!
- 2) We could host a **CSG Bake Off** (much like the British Bake Off!) as a thrilling way to fundraise for charity! It would be held in the food tech room where we would gather some of the best bakers the school has to offer and ask them to bake one of their favourite treats in under 30 minutes. There will be a judge to taste the creations and the winner will be awarded a prize! All the money from tickets sold to the students would go to a chosen charity.

- 3) Furthermore, we could host an annual [CSG Fashion Show](#) in which students can showcase their most voguish outfits on the catwalk (once again all the money from the tickets sold to the students/parents will go to a chosen charity)
- 4) In addition to the Friday Newsletter, the student body could run a biweekly/monthly [CSG News Channel](#) in which a video is created by students and sent out to the school where pupils discuss important current events going on within and outside CSG (such as the many protests for George Floyd in support of the black lives matter movement and environmental politics) We could include funny segments (such as best teacher of the week voted by students at CSG or even take part in trending challenges) for some great entertainment!
- 5) Many studies have proven that indoor plants can help purify the air. A profuse quantity of pollution is created on Camden Road all the time, everyday, as there are many cars driving up and down it constantly! This pollution travels into our school, contaminating the air and in turn, affecting our wellbeing. I would like to fundraise for plants to be put around the school to ensure that the school is a green and clean environment! We could have a rota in which different people can water the plants each week.
- 6) We all know that there is Pink week and Pride day but what about having a **GREEN DAY!** There is a charity named GreenPeace which helps to defend oceans, protect forests and prevent climate change. On Green day we can fundraise for this charity by getting students to take part in things like environmental games and quizzes and mini marathons. Waste free meals could be served in the canteen to decrease the amount of food waste we produce.
- 7) Ensure that the sanitary towel dispensers in the bathrooms are full (since the old ones are empty) as it is essential that every girl is given these products no matter what.
- 8) YOUR wellbeing and YOUR mental health has significant value to me and to this school. In these unprecedented times it is important that we are all taking care of ourselves as best as we can. I would love to create an article for the Friday News in which (anonymous) students can send in a short written piece on their mental state in quarantine, how they feel and what they do to cope with their welfare.

Now that you've got to know me a little better, you know what to do!!

**Vote 4 (Justin) Biba + Be A Beliba!!**

I won't let you down,  
I promise.

Yours truly, Biba :)
