

Bronze Award

The DofE is...

THE DUKE OF
EDINBURGH'S AWARD

**Getting empowered,
Challenging yourself
Working both alone and as part of
a team**

- **Voluntary**
- **An Extra curricular activity, (something that is not subject based)**
- **Something that is completed outside of school**

It takes a minimum of 6 months to complete because one of the sections has to be done for that long.

Bronze Award

How long does it take?

Volunteering	Physical	Skills	Expedition
3 months undertaking service to individuals or the community.	3 months improving in an area of sport, dance or fitness activities.	3 months developing practical (learning to play an instrument,) social skills (things that help others) and personal interests (which can be almost anything except a physical activity).	Plan, train for and complete a 2 day, 1 night expedition. This involves going on a training weekend and then an assessed weekend

Inside school this is on offer to Year 10 each September.

Why? So it doesn't affect exam preparation and so that they can finish in a year.

If you think you could do this then get empowered, join up with friends and make a group.

Good Luck
