

**WELCOME BACK!**

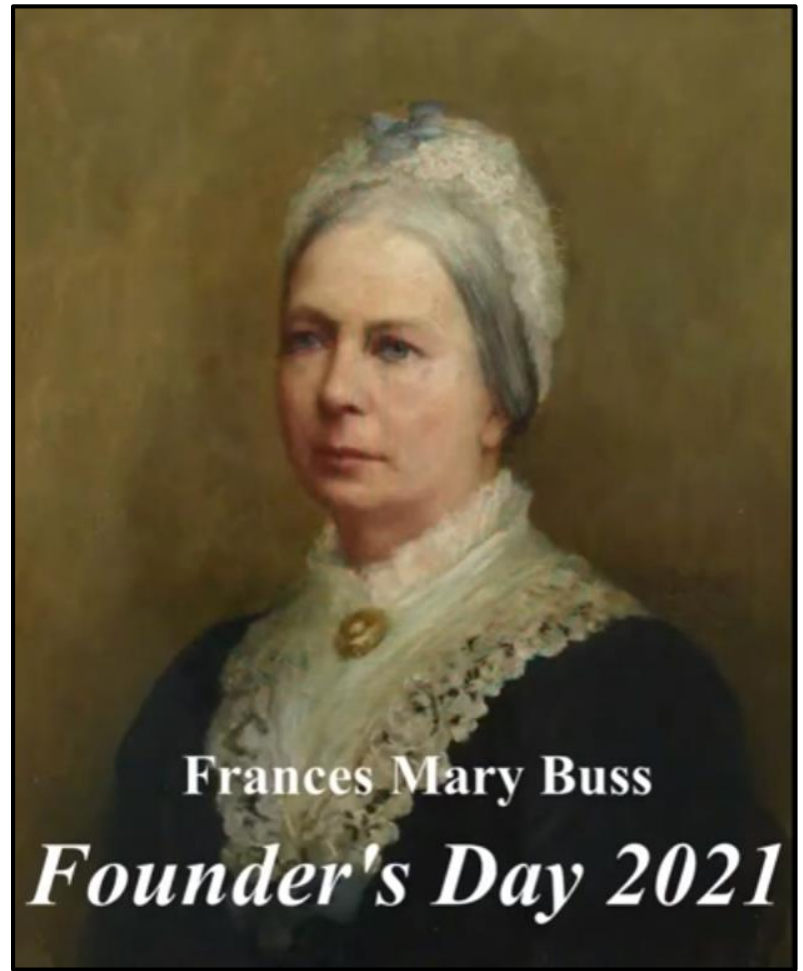

**Hope you had a good rest!**

**A busy Spring Term**

**Finishing with a fantastic Founder's Day**

**Most students spent the Spring Term until 8th March in lockdown, learning at home, so it was wonderful to be able to celebrate Founder's Day together.**

**Frances Mary Buss**

***Founder's Day 2021***

**For Year 11 it was their last  
Founder's Day in Main School!**

ARTE

LITERATURA

A-Level

**For Year Seven it was their first ever Founder's Day - it's not usually quite like this, Year Seven!**

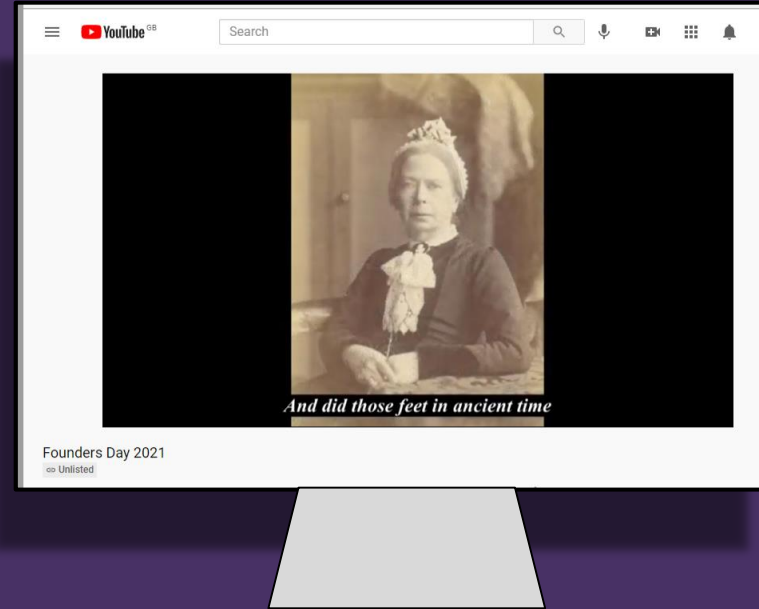

**For Year Eight it was their second experience, and a bit more like the real thing than last year.**

**Well done Year Eight for catching the spirit of Founder's Day!**

**Many thanks to our wonderful musicians and singers for providing some of our traditional music and some more recent songs.**

# Students and staff dressed up as we normally do for Founder's Day

---

**We have many stunning photos of students near the flowers in the year zones**

---

**The flowers are part of our celebration and they are always green, white and purple, the colours of the suffragettes, in recognition of the school's commitment to equality for women. And there are always daffodils, as this was Miss Buss's favourite flower.**

**Congratulations to our Head Students, who wrote and delivered fabulous speeches.**

Many thanks to Ms Green & Ms Tani, who found the fascinating historic photos.

And to Ms Chohan & Ms Clark for taking such wonderful photos on the day.

**And thanks to Mr Byers and Ms Gordon for contributing the music, and to Ms Raspudic and Mr Santos for filming the whole event**

**And thanks to all of you for making the day so enjoyable and contributing to such a great celebration!**

**This was my last Founder's Day, as I will be retiring at the end of this year, so thank you for making it so special!**
