20 March 2020

Dear Parents,

Firstly, many thanks to all of you who have sent messages of support to us - they are very much appreciated.

Secondly, please be assured that teachers are working hard to establish remote learning provision, however, they have been in school this week delivering lessons as normal as the school has remained open to all students throughout the week. This means that teachers have not had time to put everything in place to deliver these materials as yet - please be patient as we all adapt to these new circumstances.

I have attached hereto information for you about how remote learning will work over the coming weeks.

Provision in school for eligible students.

The [GOV.UK](https://www.gov.uk) link below provides information about which parents are key workers whose children may access supervision in school.

<https://www.gov.uk/government/publications/closure-of-educational-settings-information-for-parents-and-carers/closure-of-educational-settings-information-for-parents-and-carers>

The information attached provides a form to be completed by parents if they are eligible key workers and if they want their child to be in school. **Please complete the form and return it to csg@csg.school**

-2-

Do please bear in mind that eligible children should only be sent to school as a last resort to minimise the risk of infection through contact with others. This is summarised by the government as follows:

Please, therefore, follow these key principles:

If it is at all possible for children to be at home, then they should be.

If a child needs specialist support, is vulnerable or has a parent who is a critical worker, then educational provision will be available for them.

Parents should not rely for childcare upon those who are advised to be in the stringent social distancing category such as grandparents, friends, or family members with underlying conditions.

Parents should also do everything they can to ensure children are not mixing socially in a way which can continue to spread the virus. They should observe the same social distancing principles as adults.

Staying in touch

School staff will stay in touch with you by Parentmail over the coming weeks and we will be checking emails regularly. We will also upload information from the government onto the school website.
