## Lina 7C

Is there another way to think about making the pattern grow?
Each version is plus three.

How do these colours explain how the pattern grows?
Oranges are always +1 and the yellows are always +2

## Lina 7C

## Pattern number

12. How do these colours explain how the pattern grows?

Draw these out and use colours in your books.

## Pattern number

2 legs which are one more than the pattern number
1 back which is the pattern number
Add another 2 for the head
