## **Purpose of the plan**

This plan examines potential risks and issues that could cause disruption to the management and administration of the exam process at Camden School for Girls. By outlining actions/procedures to be followed in case of disruption it is intended to mitigate the impact these disruptions have on our exam process.

Alongside internal processes, this plan is informed by information contained in the **Joint contingency plan for the examination system in England, Wales and Northern Ireland** where it is stated that *“Centres should prepare plans for any disruption to examinations as part of their general emergency planning. It is important to ensure that relevant centre staff are familiar with the plan. Consideration should be given as to how these arrangements will be communicated to candidates, parents and staff should disruption to examinations occur.”*

## **Causes of potential disruption to the exam process**

### **1. Exam officer extended absence at key points in the exam process**

The department is structured with an Exams Officer, a part-time Exams Officer and overseen by the Assistant Head Teacher.

In a period of extended absence the part-time Exams Officer would take responsibility for carrying out the duties of the Exams Officer and would work in consultation with the Assistant Head Teacher. Appropriate back-filling of responsibilities would then be decided upon by the Assistant Head Teacher. All members of the invigilating team regularly receive training and colleagues involved in the administration of key processes are trained on how to carry out processes and who to contact in extremis.

### **2. SENDCO extended absence at key points in the exam cycle**

In the event of the extended absence of the SENDCo, appropriate back-filling of responsibilities would be decided upon by the Head of Centre to ensure assessments and applications for access arrangements are completed to deadlines.

### **3. Teaching staff extended absence at key points in the exam cycle**

In the event of a period of extended absence of a member of the teaching staff, the SLT would arrange teaching cover. New staff providing cover would be briefed as part of their induction process on arrangements for assessment and examinations. Their practice in terms of assessments would be monitored by the head of department and SLT line manager.

### **4. Invigilators - lack of appropriately trained invigilators or invigilator absence**

New invigilators undergo training by the Exams Officer and complete a period of shadowing, following appointment. They are permitted to work independently once they, and the Exams

Officers are happy that they are competent and confident in processes and procedures. Annual training sessions are held in April for all invigilators in order to refresh their knowledge and communicate JCQ regulation changes and update local information. The School retains a pool of invigilators. When invigilators resign/retire from the pool, recruitment procedures are begun. Minor absence issues (such as an invigilator calling in sick) are covered by a member of the Exams team or attempts are made to contact another invigilator from the pool.

#### **5. Exam rooms - lack of appropriate rooms or main venues unavailable at short notice**

The majority of exams are accommodated in the Studio, Sixth Form Hall, and Gym. Candidates with access arrangements may be accommodated in other classrooms/ICT suites.

The exam team works closely and in a timely manner with admin and premise staff to effectively plan the rooming for the exams. In the event of a room being unavailable at short notice alternative rooms within the school would be utilized such as the main hall.

In the event of the extended absence of key members of staff involved in this planning appropriate back-filling of responsibilities would be decided upon by the Head of Centre.

#### **6. Failure of ICT systems**

The school endeavors to minimise any ICT disruption via resilient design and preventative maintenance. In the event of an issue this would be dealt with the ICT support team who test and update the systems on a regular basis. Where such failure impacted on scheduled exams, steps would be taken to resolve the problem as quickly as possible.

In the event of the extended absence of the key members of the ICT team, appropriate back-filling of responsibilities would be decided upon by the Head of Centre.

#### **7. Centre unable to open as normal during the exams period**

In the event of the Centre not being able to open as normal, appropriate communication with the relevant Awarding Bodies would be undertaken by the Exams Officer and alternative options would be explored such as moving exams to an external location (such as the Irish Centre, Cecil Sharp House or local schools) and appropriate transport arrangements would be made.

All arrangements would be agreed with the Awarding Body before being put in place.

In such instances, details would be communicated to candidates via the school's website, email and text facilities. Staff involved in exams (including invigilators) would be contacted by email, telephone and text.

#### **8. Candidates unable to take examinations because of a crisis – Centre remains open**

Response is dependent on the type of issue. The procedure for absence is outlined in the examinations policy. A hardcopy is given to all candidates in February of each academic year and is available on the school's website. If a candidate is able to sit the exam but cannot attend the Centre due to a crisis, appropriate communication with the relevant Awarding Bodies would be undertaken by the Exams Officer and alternative options would be explored (home, hospital, alternative Centre etc.). Appropriate use of Special Consideration policies would be applied should

the candidate/candidates be unable to attend due to unforeseen circumstances and where alternative arrangements could not be made or are not agreed by the Awarding Body.

#### **9. Disruption to the transportation of completed examination scripts**

All scripts are returned using the designated dispatch methods prescribed by the Awarding Body concerned. Where this becomes unavailable or inappropriate, the Awarding Body will be contacted to discuss suitable alternatives.

#### **10. Assessment evidence is not available to be marked**

In the event of large scale damage or destruction of completed examination scripts/assessment evidence before it can be marked, the Exam Officer would notify the Awarding Body immediately for advice and further instructions. Student marks would be submitted based on appropriate evidence and candidates would be given the opportunity to retake in a subsequent series.

#### **11. Centre unable to distribute results as normal**

The Centre distributes the results 'as normal' via collection by learner. If this were not possible the centre would contact the awarding body to discuss alternative options. Alternative arrangements would be communicated to candidates via the school's website, email and text facilities. Staff involved in issuing exam results would be contacted by email, telephone and text.

#### **COVID-19 appendix**

The interruptions caused to the 2020 & 2021 examinations and exam administration as a result of Covid-19 have been managed in accordance with government, Ofqual and JCQ guidance and statutory requirements. The Head of Centre and SLT has led on this and provided training and support throughout. The centre will maintain its vigilance to any new requirement for the 2022 season and will ensure students, teachers and administrators are all made aware of them and plans are put in place to manage them.
